Education Barn

The Almonte Fair over the past decade has set aside an area that tries to provide a chance for children and their parents who might have no farm background to see a variety of farm animals and have a chance to ask questions about the source of their food. Local farmers loan their animals for the fair and information about the breeds are posted. Demonstrations such as sheep shearing and milking cows or goats are put on at scheduled times. Each year special exhibits pertaining to the fair theme are part of this area.

As the ratio of farmers to urban dwellers continues to change, the Education Barn will need to expand their exhibits to try to bridge the growing gap.

Come visit us at Barn 3 for an experience you won't soon forget!!
