

NLAS Outhouse Race

Official Rules, 2010

1. Safety First! Please ensure your outhouse is safe for your team members, race volunteers, competitors and the public.

Structure:

1. Outhouses must have 4 walls, a doorway, roof and a seat with at least one hole. The door must be secured open during the race. There is no weight requirement.
2. Outhouses may be built of any solid material and must be structurally sound enough to not fall apart or lose pieces during the race. Absolutely no glass permitted in any part of the outhouse.
3. Outhouses must be a minimum of nine square feet at the base. Width may not exceed six feet (including grasping and/or pushing devices). The outhouse may not exceed five feet in height from its lowest point (including wheels) to its highest point.
4. Any number and size of wheels may be used. Outhouses must be carried, pushed or pulled. No motors of any kind are permitted.
5. Any device for grasping (to move) the outhouse may be used except ropes (or like materials/devices). All grasping devices must be secured solid.
6. Each outhouse must have a name and theme that is in good taste and appropriate for a FAMILY fair. The name is to be displayed on each side of the outhouse. Names of sponsors may be applied anywhere on the outside of the outhouse.
7. No explicit language or pornographic displays allowed on or in the outhouse.

Team:

1. Each team shall consist of no more than five people. One person must ride inside the outhouse for the duration of the race.
2. Helmets are recommended for all team members and must be provided by the team members.
3. The minimum age of the rider is 12. Riders under this age are not permitted. There is no minimum weight requirement for the rider.
4. A grasping device for the rider to hold on to is permitted.
5. Each team must dress in a team uniform that corresponds to the theme of that teams outhouse.
